PROCESS

Training

Each month after the initial 1st month training, Kingsmen will provide 6 hours of On-site training per Month. This can either be conducted over 1 or 2 sessions. An additional 3 Hours will be provided during the 7th Month of Training.

Training Consultation

Kingsmen will take a meeting with you concerning the current training roadmap and whether additional services or training is needed. Kingsmen will go through your current SOPs of Service and align the training towards these SOPs.

Progress Review

Every Month Kingsmen will send you a progress report and dashboard of the current Training whether we are aligned with the KPIs set in the initial meeting.
